CHADD®
CHILDREN AND ADULTS WITH ATTENTION-DEFICIT/HYPERACTIVITY DISORDER

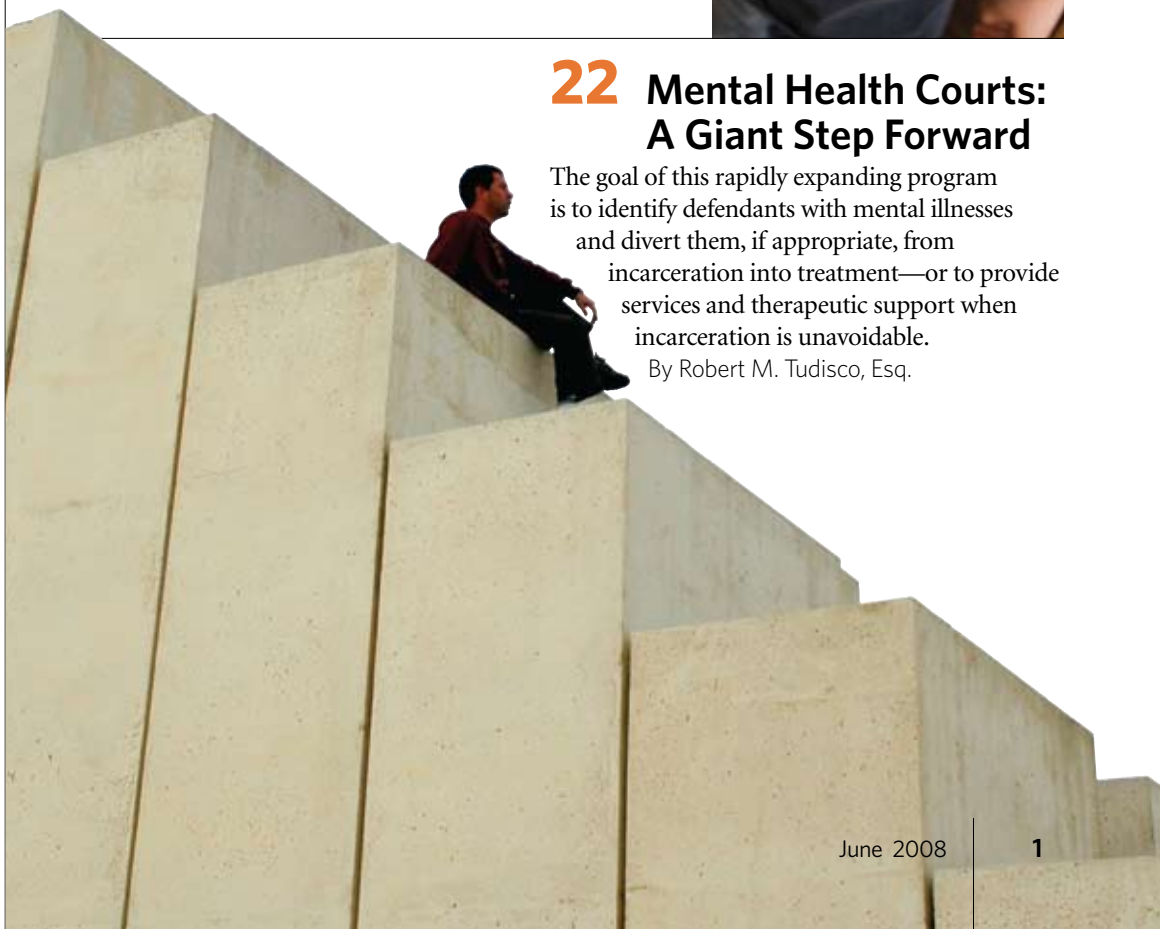
FOCUS: Behavior, Discipline, and Justice

14 From Defiance to Compliance: What Parents Need to Know to Transform Resistance into Obedience

Imagine how much easier life might be if your child actually complied with your commands without first making you maneuver through an obstacle course of resistance and conflict.
by Terry Illes, PhD

18 De la Resistencia a la Obediencia: Lo que los padres necesitan saber para transformer la resistencia en obediencia

Imagine cuánto más fácil sería la vida si su hijo, en efecto, cumpliese con sus mandatos sin primero hacer que usted tenga que maniobrar por una pista de obstáculos llena de resistencia y conflicto.
de Terry Illes, PhD, traducido por Carmen L. Salas, PhD



22 Mental Health Courts: A Giant Step Forward

The goal of this rapidly expanding program is to identify defendants with mental illnesses and divert them, if appropriate, from incarceration into treatment—or to provide services and therapeutic support when incarceration is unavoidable.
By Robert M. Tudisco, Esq.

Contents

26 Equine Facilitated Psychotherapy: Fostering Resilience and Self-Esteem in Children and Adults with AD/HD and Related Disorders

Working with, being with, and riding horses is particularly beneficial for some individuals with AD/HD. Learn about one psychologist's journey into a promising field.
by Giselle Faubel, PsyD

34 California Dreaming: A Preview of CHADD's Twentieth Annual International Conference on AD/HD

Come to the 2008 conference in Anaheim, and join in the camaraderie, education, and opportunity to talk directly with renowned experts on AD/HD.
by Karen Sampson, MA
